

04.F875A

Bar for kitchen

Barra reggipensile in ferro. Finitura: zincata.
Iron bar for kitchen. Finishing: zinc plated.

A close-up photograph of a metal strip, likely a component of a vehicle's identification system. The strip is silver-colored and features several circular holes. Engraved on the strip are the numbers '110768', '1975N UN110768', and '1975N U'. A small logo, possibly a manufacturer's mark, is visible between the second and third sets of numbers.
